UNIX and Windows Security Solutions

VFind™ Security ToolKit

The VFind™ Security ToolKit is a suite of four powerful network and computer security utilities that provide flexible and uncompromising protection. The VFind™ Security ToolKit boasts the premier UNIX virus scanner and a unique heterogeneous design that allows for complete protection, even in today's multi-platform networks. As always, CyberSoft includes one year of maintenance and support via Internet with the purchase of VSTK. The product part number is listed in parentheses.

Product	Annual Maintenance via...		
	Unit Price	Internet	Courier **

AhnLab V3 Internet Security 8.0

AhnLab V3 Internet Security 8.0 is an integrated security solution that protects against the latest security threats. It offers anti-virus and anti-spyware engines as well as network, web, and e-mail security, and PC management. The product has significantly reduced resource usage without sacrificing its integrated security features.

Product	Unit Price
AhnLab V3 Internet Security 8.0	\$48.40 (1yr)

Avatar™

Avatar primary function is to maintain the system Baseline Configuration. It does so by executing system security policies that act as an intrusion detection and response system. The most important aspect of Avatar is response time.

Payment Options and Taxes

All prices are quoted in U.S. Dollars. We accept Purchase Orders (NET 15), company checks, wire transfers, Visa, MasterCard and American Express credit cards. COD is not available. Special note to overseas customers: VAT and or import taxes are the responsibility of the customer. A Shipping and Handling fee of \$25.00 will be added to each order. Choice of Carrier and Service is decided by CyberSoft, Inc.

Sales Outside the United States

The VFind™ Security ToolKit has been approved for export under **General License GTDU**, ECCN 5D002C. A special license is required for export to Country Group SZ which includes, but is not limited to, Libya, Syria, Iran, Iraq, Cuba, Cambodia, North Korea and Vietnam.

Sales outside of North America can be handled by either a local dealer, if one exists, or directly from CyberSoft. Terms of payment are by Visa, MasterCard, American Express, or wire transfer concurrent with the order. CyberSoft will not export to countries where our copyright is not recognized or enforced unless selling to a company with offices in the United States.

Definition of Terms and Terms of License

All CyberSoft products are licensed on a per-system basis. Licenses are not interchangeable between systems. A copy of the *Purchase Acknowledgment Right To Use License* is included with every copy of our software. An advance copy is available upon request and is available [here](#).

Any questions please feel free to email sales@cybersoft.com

* Maintenance & Support via Internet included at no charge for the first year.

** CyberSoft suggests that customers interested in Courier Support purchase 1 contract via Courier and the rest via Internet.

There is a Shipping and Handling Fee of \$25 per Purchase Order per ship to address.

Choice of Carrier and Service is decided by CyberSoft.
